Expiration Rules for Assessments

caaspp
California Assessment of Student Performance and Progress

ELPAC
English Language Proficiency Assessments for California

For CAASPP and ELPAC, if an assessment is started and paused, but not submitted, it will remain available for a certain number of days. This document lists the number of days—calendar days, not school days—that each assessment remains available **after the student logs on to the assessment for the first time** (not necessarily the date the assessment was paused).

If a student's assessment expires, it will be automatically submitted.

A site coordinator or local educational agency (LEA) coordinator may submit a Security and Test Administration Incident Reporting System (STAIRS) case for an expired assessment to be reopened. However, no assessment can be reopened after the LEA's testing window has closed.

15 DAY AVAILABILITY

- Smarter Balanced—summative and interim PTs for English language arts/literacy (ELA)
