Introduction and Notes

This document contains the file layout and data definitions for the 2021–22 Summative English Language Proficiency Assessments for California (ELPAC) and the Alternate ELPAC operational field test (ALT ELPAC Op FT) administered by a local educational agency (LEA). The data includes student demographic information, test scores, test settings, test administration information, and historical scores. In addition to the file layout, the following reference tables that define the code sets and rules for selected fields are provided in the [Reference Tables](#) section:

- Primary Language Codes
- Common Education Data Standards (CEDS) Language Codes
- Primary Disability Codes
- Tested LEA Reporting Rules
- Condition Code Rules
- Condition Codes
- Attemptedness/Completion Status Codes
- Include Indicator Rules
- Include Indicators for Reporting
- Scale Score Ranges
- Student Move Reporting

The notes in this section provide important information concerning key elements of the file layout.

What's New in 2021–22 for the LEA Downloadable File

Updated Fields

- [Field 53](#) (*Reporting Ethnicity*)—"Blank" was removed from the definition of "800" because it is already covered under [field 52](#) (*Two or More Races*).
- Text about alternate assessment was removed from definitions for the Summative ELPAC because the Alternate ELPAC is a separate assessment in the 2021–22 administration year; alternate assessments will still apply to Summative ELPAC definitions in the historical scores
- The *Overall Scale Score* and *Percent Correct*, and the *Overall Performance Level* and *Preliminary Indicator* fields were separated.
- [Fields 219–222](#), "Non-Embedded Accommodation—Unlisted Resources," were updated. This is applicable to the online and paper test modes.

Demographics

Student demographic data is derived from the California Longitudinal Pupil Achievement Data System (CALPADS) and reflects student demographics as captured in the demographic snapshot. Demographic snapshots for students who tested occur at the time that the student starts testing or, for an alternate assessment, when the student's score becomes available for reporting in the Test Operations Management System (TOMS). For students who did not test, the demographic snapshot is taken after the testing window closed. Note that the source for each field is indicated in the file layout.

Data sources for the student data file are as follows:

- CALPADS—Extracted from CALPADS
- Scanning—Based on marked information from the Answer Book
- Derived—Created during generation of the student data file
- Scoring—Created as a result of scoring
- TOMS—Extracted from TOMS
- Group Identification Sheet (GIS)—Extracted during processing of the GIS that accompanied Answer Books for scoring

About the LEA and State Student Data Files for the Summative ELPAC and the Alternate ELPAC Operational Field Test

- Student records will be included in the downloadable state and LEA student data files for every valid registration for each test program, regardless of whether the test results are available.
- The Summative ELPAC and Alternate ELPAC operational field test state and LEA student data files for the Student Score Report (SSR) quality control production release will contain demographic data based on
 - the latest CALPADS file when the data is pulled,
 - the demographic snapshot rules described for each of the demographic fields in the student data file layout, or
 - students were exited from CALPADS, and the demographic snapshot was taken.
- There are exceptions that will prevent student records from appearing in the state student data file data set due to edit and resolution processes.
- The end-of-year state student data file is a complete operational file for both the Summative ELPAC and the Alternate ELPAC operational field test that includes 100 percent of the student population eligible for the tests. When the final file is produced, all data has been reconciled from end to end, starting with the test delivery system (TDS) through to the scoring and rating processes, and through all reporting systems.
- Downloadable LEA student data files will be available (for both tested and enrolled LEAs) after receiving California Department of Education approval of the production SSR release.
- The Alternate ELPAC operational field test and Summative ELPAC testing windows are different. However, the demographic snapshot of tested and not tested students for both assessments will be saved when the first ELPAC testing event is received for the student and will continue to be saved daily throughout the Summative ELPAC testing window in the 2021–22 administration year.

Score Data

The Summative ELPAC score data includes: (1) the overall scale score and performance level; and (2) the oral and written language composite scale scores and performance levels. Conditional standard errors of measurement (CSEMs) are provided for oral and written language scores. Performance levels of “beginning to develop,” “somewhat/moderately developed,” and “well developed” are provided for the Listening, Speaking, Reading, and Writing domains.

The Alternate ELPAC operational field test score data includes the overall scale score and performance level. Performance levels of “Novice English Learner,” “Intermediate English Learner,” and “Fluent English Proficient” are provided.

Test Administration Data

Test administration data includes flags and condition codes describing specific elements of test administration. These include flags for Attemptedness codes, Include Indicators, accommodations, and testing irregularities that occurred during the administration.

Treatment of Students in Nonpublic, Nonsectarian Schools for Data Aggregation

The school-level data for nonpublic, nonsectarian schools (NPSs) is removed from the aggregate data published on the Test Results for California’s Assessments public reporting site; this data will not be searchable or appear in the aggregate reporting. The county, LEA, and direct funded charter school totals continue to include the students attending NPSs in their aggregate data. If the *Special Education District of Accountability* field is populated in the student’s data record, then the student record is aggregated to the county-district-school code or direct funded charter school code provided.

Fields of Note

The following fields are of particular importance:

Field #	Section	Additional Explanation
1	Assessment Type	Each record in the file will have an <i>Assessment Type</i> in field 1 that identifies the assessment taken. Only summative records are included in this file.
2	UIN (Unique Identification Number)	The UIN, which is unique for every record in the file, may be used to join the records together so that all student information can be matched.
62–68, 71–77, 80–86, and 89–95	Test Details—Testing Locations	<ol style="list-style-type: none"> 1. These fields show the LEA name from the TDS where the test was submitted online by the student for the computer-based tests, regardless of whether the student moved. 2. LEA and school information are from the GIS returned with the student Answer Books for the paper tests. 3. If the student did not test or partially completed the test, this field will be populated with the district, school, and charter codes where the student was enrolled or registered.
69, 78, 87, and 96	Testing Start Date	<ol style="list-style-type: none"> 1. The <i>Testing Start Date</i> fields shows the date on which the student started testing online with the computer-based tests in the TDS. 2. The <i>Testing Start Date</i> is filled in on the Answer Book for the paper tests. 3. A blank value is only acceptable for students who did not test or were assigned a domain exemption for the domain.
70, 79, 88, and 97	Testing Completed Date	<ol style="list-style-type: none"> 1. The <i>Testing Completed Date</i> fields shows the date on which the student completed or submitted the computer-based tests in the TDS. 2. The <i>Testing Completed Date</i> is filled in on the Answer Book for the paper tests. 3. A blank value is only acceptable for students who did not test or were assigned a domain exemption.

Fields of Note (continuation)

Field #	Section	Additional Explanation
117	Condition Code	A special condition code indicates the presence of a particular circumstance during testing. Refer to the Condition Codes (Field 117) reference table for a list of codes included in this field. Only one condition code can be applied per record type.
118	Attemptedness	This flag designates students as either non-completion, partial-completion, or completion. Refer to the Attemptedness Codes (Field 118) reference table for definitions of the statuses.
119	Include Indicator	Include Indicators, when set, indicate how a test result will be treated for reporting the number of students tested, determining which students and scores are included in the aggregated data. Include Indicators also show whether or not a student has taken a required test. Refer to the Include Indicators for Reporting (Field 119) reference table for more information.
147–149	Conditional Standard Error of Measurement (CSEM)	A random variation in individual scores that is quantified through the use of a statistic of measurement precision is called the CSEM. CSEMs are shown in bands or ranges. Note that the CSEM included with student test data is presented as a three-digit number. This number has been rounded up from a decimal to a whole number. CSEMs are provided for oral language and written language.

Change Log

If necessary, updates to the 2021–22 ELPAC Student Data File Layout will be outlined in this table. This log is used when a data layout has been updated after its initial publication.

Field #	Section(s)	Description of Change	Date Changed
N/A	Scale Score Ranges	Added Summative Alternate ELPAC Scale Score Ranges	5/23/2022
140	Percent Correct	Updated “Field Name Field Description” to display text in the correct order	5/17/2022
179	Embedded Accommodations 1—Speech-to-Text (Online)—Listening	Updated “Field Description” to include “Listening”	5/17/2022
218–221	Non-Embedded Accommodations 4—Large-print special form (Paper), Non-Embedded Accommodation 1—Unlisted Resources (Online or Paper), Non-Embedded Accommodation 2—Unlisted Resources (Online or Paper), Non-Embedded Accommodation 3—Unlisted Resources (Online or Paper)	Updated “Length” to display the correct field length	5/17/2022
293	Non-Embedded Designated Supports 1—Pause or Replay Audio (Paper)	Updated “Acceptable Values”	5/17/2022
294	Non-Embedded Designated Supports 2—Pause or Replay Audio (Paper)	Corrected “Field Description” and updated “Acceptable Values”	5/17/2022
295, 296	Non-Embedded Designated Supports 1—Read-Aloud Items (Online), Non-Embedded Designated Supports 4—Read-Aloud Items (Online or Paper)	Updated “Field Description”	5/17/2022
320	Standard Error of Measurement – CSEM (Oral Language) Current Year minus 1	Updated “Acceptable Values” to the correct length	5/17/2022
340	Standard Error of Measurement – CSEM (Oral Language) Current Year minus 2	Updated format of “Acceptable Values”	5/17/2022

Field #	Section(s)	Description of Change	Date Changed
N/A	Test Results for the Previous Year	Corrected field lengths as well as field start and end positions.	7/20/2023

Acronyms and Initialisms Used in the Student Data File Layout

Term	Definition
ALT	Alternate Assessment
ALT ELPAC Op FT	Alternate English Language Proficiency Assessments for California operational field test
ASL	American Sign Language
CAASPP	California Assessment of Student Performance and Progress
CALPADS	California Longitudinal Pupil Achievement Data System
CEDS	Common Education Data Standards
CSEM	conditional standard error of measurement
DEI	Data Entry Interface
DF	direct funded charter school
EA	embedded accommodation
EDS	embedded designated support
EL	English learner
ELAS	English Learner Acquisition Status
ELD	English language development
ELPAC	English Language Proficiency Assessments for California
EXD	Exempt Domain
GIS	Group Identification Sheet
IDEA	Individuals with Disabilities Education Act
K–2	kindergarten through grade two
LEA	local educational agency
LF	locally funded charter school
NEA	non-embedded accommodation
NEDS	non-embedded designated support
NPS	nonpublic, nonsectarian school
NS	no score
NT	not tested
SSID	Statewide Student Identifier
TBD	to be determined
TDS	test delivery system
TOMS	Test Operations Management System
UIN	unique identification number

Tested LEA Reporting Rules

The following sections describe the tested local educational agency (LEA) reporting rules for student data files, aggregate files, and public web reporting.

Summative ELPAC LEA Student Data File Reporting Rules for Student(s) With Multiple Tested LEAs

1. For the computer-based or emergency forms Data Entry Interface test (grade levels three through twelve), students will be reported under the last tested LEA received for the computer-based domains.
2. For kindergarten through grade two, students who tested in the Writing domain on paper and in the computer-based Listening, Speaking, and Reading domains will be reported under the last computer-based tested LEA.
3. For kindergarten through grade two, students who have not tested at least one computer-based domain but who tested in the Writing domain on paper will be reported under the tested LEA received from scanning.
4. For the emergency forms paper–pencil test for kindergarten through grade two, students will be reported under the tested LEA received from scanning.
5. Students who are assigned domain exemptions to one domain in each composite and no logon to the non-exempted domains will be treated as not tested and reported under the enrolled LEA. This is applicable to all grades.
6. Students who are assigned domain exemptions and tested in a non-exempted domain(s) will be reported under the last non-assigned domain tested LEA.
7. Students who did not test will be reported under the enrolled LEA.
8. A student record will only be present in the final tested LEA student data file per the rules mentioned before if the student tested in multiple LEAs.
9. The final tested LEA will be used for aggregate files and public web reporting.

Alternate ELPAC Operational Field Test LEA Student Data File Reporting Rules for Student(s) With Multiple Tested LEAs

1. All tested and partially tested students will be reported under the last tested LEA.
2. Students who did not test will be reported under the enrolled LEA at the end of the testing window.
3. A student record will only be present in the final tested LEA student data file per the rules mentioned before if the student tested in multiple LEAs.
4. The final tested LEA will be used for aggregate files and the Test Results for California's Assessments website at <https://caaspp-elpac.cde.ca.gov/elpac/Default>.

Condition Code Rules

Condition codes are used by LEAs and the Test Operations Management System (TOMS) team to identify a special condition in a student's test record for reporting, such as setting Include Indicators. Condition codes are derived by TOMS and are visible in the TOMS user interface.

1. The exempt domain (EXD) condition code is derived based on one or two domain exemption(s) assigned to the student's domain in TOMS.
 - a. Exemption results in a no score with an "NS" value assigned by the scoring system. The EXD condition code is reported in the student data files.
2. The not tested (NT) condition code is assigned when a student who is eligible to test with the Summative ELPAC did not test and the student's English Language Acquisition Status (ELAS) did not change from English learner (EL) to non-EL.
3. Only one condition code can be applied per student.
4. Condition codes appear in the production state student data files and the LEA student data (downloadable) files.

Condition Codes (Field 117)

Test	Code	Description	Derived From	Resulting Score	Comment
Summative ELPAC	EXD	Exempt domain	This code is used when, within a composite, only one of two domains is selected as exempt for the student on the test assignment screen in TOMS.	A calculated score is assigned to the composite using the non-exempt domain for that composite; the resulting composite score is used to derive the overall score.	N/A
Summative ELPAC	NT	Not tested	This is the default condition code when valid eligibility is present, student did not test, and the students' ELAS did not change from EL to non-EL by the end of the testing window.	The student is present in the student data file with no score; no Student Score Report (SSR) will be generated.	The NT condition code is applied to Summative ELPAC testing-eligible students as a closing event, at the end of the statewide testing window and when all student scores have been imported into TOMS.
ALT ELPAC Op FT	NT	Not tested	This is the default condition code when valid eligibility is present, the student did not test or no score was present, and the student's ELAS did not change from EL to non-EL by the end of the testing window.	The student is present in the student data file with no score; no SSR will be generated.	The NT condition code is applied to Alternate ELPAC operational field test (ALT ELPAC Op FT) eligible students as a closing event at the end of the statewide ALT ELPAC Op FT testing window and after all eligible student scores have been imported into TOMS.

Attemptedness/Completion Status Codes (Field 118)

Test	Attemptedness/Completion Status	Description and Rules
Summative ELPAC or ALT ELPAC Op FT	P	For the Summative ELPAC, partial completion is assigned to students who logged onto one or both domains in the same composite but did not log onto at least one domain in each composite. For the ALT ELPAC Op FT, partial completion is assigned to students who completed fewer than one expressive and one receptive item. No SSR will be created for students who received an attemptedness value of “P.” The student record will be included in the student data file as tested with an “NS” overall scale score.
Summative ELPAC or ALT ELPAC Op FT	Y	For the Summative ELPAC, completion is assigned to students who logged onto at least one domain in each composite. For the ALT ELPAC Op FT, completion is assigned to students who completed at least one expressive and one receptive item. An SSR will be created for students who received an attemptedness value of “Y.” The student record will be included in the student data file as tested with a numeric overall scale score.

Include Indicator Rules

Include Indicator allowable values are “N,” “T,” and “Y.” To determine the *Include Indicator* for the Summative ELPAC or the Alternate ELPAC operational field test, follow the logic steps provided:

1. If the condition code is NT (Not Tested), then output a value of “N” and STOP; if this condition is not met, proceed to step 2.
2. If the attemptedness is “P,” then output a value of “T” and STOP; if this condition is not met, proceed to step 3.
3. If the overall attemptedness value is “Y,” then output a value of “Y” and STOP.

Include Indicators for Reporting (Field 119)

Include Indicators are used to determine which students and scores are included in the aggregated formulas. Include Indicators are set for each test.

Code	Meaning
N	The student did not test.
T	Student tested and did not meet the participation rule or received an attemptedness value of “P” from the scoring system.
Y	The student completed the test, received a valid score, or received an attemptedness value of “Y” from the scoring system.

Scale Score Ranges

Summative ELPAC

Student Move Reporting

Use Case Scenarios

This table provides information on scenarios when a student tests and either has moved between LEAs or has a grade change. The scenarios are grouped together based on the high-level use cases. While the rules indicate that the SSR gets delivered to the latest enrollment location based on the California Longitudinal Pupil Achievement Data System (CALPADS) enrollment feed, the LEA downloadable file will contain all students tested and not tested in the LEA regardless of the latest enrollment.

Use Case Scenarios	Enrolled LEA Location	Tested LEA Location	CALPADS LEA Location	CALPADS Grade	TOMS Grade	LEA Student Data Files by Enrolled Location	LEA Student Data Files by Tested Location	State Aggregate File	State Student File	SSR in TOMS	SSR in SIS Vendor Portal
Student enrolled throughout the year in LEA A, no grade change	LEA A	LEA A	LEA A	8	8	LEA A	LEA A	LEA A	LEA A	LEA A	LEA A
Student enrolled in LEA A, moves to LEA B	LEA A	LEA A	LEA B	8	8	LEA B	LEA A	LEA A	LEA A	LEA B	LEA A and LEA B
Student enrolled in LEA A, moves to LEA B	LEA A	LEA B	LEA B	8	8	LEA B	LEA B	LEA B	LEA B	LEA B	LEA B

Tested LEA Reporting Examples

This table provides information on scenarios when a student has moved between the LEAs or schools between the domain testing. It shows test modes of web-based and paper–pencil test (emergency form). A student who did not test appears as not tested (NT).

Summative ELPAC Tested LEA Reporting Examples

Test Mode	Grade	Listening	Speaking	Reading	Writing	Reporting	Final Test Completed Date	SSR Test Date
Computer-based and paper–pencil test	3–12	Day 2	Day 1	Day 2	Day 3	The tested LEA and school for the Writing domain will be reported as the final tested LEA and school.	Day 3	Day 3
Computer-based and paper–pencil test	3–12	NT	Day 1	Day 2	NT	The tested LEA and school for the Reading domain will be reported as the final tested LEA and school.	Day 2	Day 2
Computer-based	K–2	Day 1	Day 1	Day 2	Day 3	The tested LEA and school for the Reading domain will be reported as the final tested LEA and school.	Day 2	Day 2
Computer-based	K–2	NT	NT	NT	Day 1	The tested LEA and school for the Writing domain will be reported as the final tested LEA and school.	Day 1	No SSR
Computer-based	K–2	Exempt	NT	NT	Day 1	The student will be reported under the LEA where the Writing domain is completed. (This is scanned.)	Day 1	No SSR
Paper emergency form	K–2	Day 1	Day 1	Day 1	Day 1	The student will be reported under the LEA where the Answer Book was received from the Group Identification Sheet.	Day 1	Day 1

Summative ELPAC Tested LEA Reporting Examples (*continuation*)

Test Mode	Grade	Listening	Speaking	Reading	Writing	Reporting	Final Test Completed Date	SSR Test Date
Computer-based and paper emergency form	3–12	Day 2	Exempt	Day 1	Exempt	The student will be reported under the LEA where the Listening domain is completed.	Day 2	Day 2
Computer-based	K–2	Exempt	Day 1	Exempt	Day 2	The student will be reported under the LEA where the Speaking domain is completed.	Day 1	Day 1
Computer-based and paper emergency form	K–12	Exempt	NT	Exempt	NT	The student will be reported under the enrolled LEA.	Blank	No SSR
Computer-based and paper emergency form	K–12	NT	NT	NT	NT	The student will be reported under the enrolled LEA.	Blank	No SSR

Alternate ELPAC Operational Field Test Tested LEA Reporting Examples

Test Mode	Grade	Testing Start Date	Testing Completed or Expired	Reporting LEA	Final Test Completed Date	SSR Test Date
Computer-based	K–12	Day 1	Day 2	The tested LEA and school from the date the test was completed or expired is used as the final tested LEA and school.	Day 2	Day 2
Computer-based	K–12	N/A	N/A	Not tested students are reported under the last enrolled LEA at the end of the test window.	N/A	No SSR
