# Introduction and Notes

This document contains the file layout and data definitions for the 2022–2023 Initial English Language Proficiency Assessments for California (ELPAC) administered by your local educational agency (LEA). The data include student demographic information, test scores, and test administration information. In addition to the file layout, the following reference tables that define the code sets and rules for selected fields are provided in the [Reference Tables](#) section:

- California Longitudinal Pupil Achievement Data System (CALPADS) Primary Language Codes

- Common Education Data Standards (CEDS) Language Codes

- Primary Disability Codes

- Tested LEA Reporting Rules

- Condition Code Rules

- Condition Codes

- Attemptedness and Participation Rules

- Include Indicator Rules for Reporting

- Include Indicators

- Scale Score Ranges

- Student Move Reporting

The notes in this section provide important information concerning key elements of the file layout.

## What's New in 2022–23 for the Initial LEA Downloadable File

### Updated Fields

- Text about alternate assessment was removed from the definitions of fields for the Initial ELPAC because the Initial Alternate ELPAC is a separate assessment in the 2022–23 administration year.

- Added new definitions to the "Acronyms and Initialisms Used in the Student Data File Layout" table

- Tables and rules in the Reference Tables section has been updated to include information about the Initial Alternate ELPAC:
  – Condition Codes (Field 98)
  – Attemptedness and Participation Rules (Field 99)
  – Scale Score Ranges
  – Test Eligibility and Registration Rules
  – Table 1—Depiction of student enrollment changes and eligibility impacts
  – Table 2—Student transfer scenarios that occur before, during, and after the statewide testing window
  – Non-TBD CALPADS ELAS Status Tested Student(s) Reporting Rules
  – Initial and Initial Alternate ELPAC SSR Rules
  – Calculated ELAS from TOMS to CALPADS for Initial and Initial Alternate ELPAC

# Demographics

Student demographic data is derived from the California Longitudinal Pupil Achievement Data System (CALPADS) and reflects student demographics as captured in the demographic snapshot. Demographic snapshots for students who tested occur at the time the student starts testing or for alternate assessment students when scoring is complete, and the score becomes available for reporting in the Test Operations Management System (TOMS). For students that did not test, the demographic snapshot is taken daily until the end of the Initial and Initial Alt ELPAC testing window for reporting in the Test Operations Management System (TOMS). Note that the source for each field is indicated in the file layout.

Data sources for the student data file are as follows:
- CALPADS—Extracted from CALPADS
- Derived—Created during generation of the student data file
- Scoring—Created as a result of scoring
- TOMS—Extracted from TOMS
- DEI—Data Entry Interface

# Score Data

Score data for the Initial ELPAC includes (1) the overall scale score and performance level, (2) oral language performance levels, and (3) written language performance levels. Score data for the Initial Alternate ELPAC includes the overall scale score and performance level.

# Test Administration Data

Test administration data includes flags and condition codes describing specific elements of test administration. These include flags for Attemptedness codes, Include Indicators, accommodations, and domain exemptions that occurred during the administration.

# Treatment of Students in Nonpublic, Nonsectarian Schools for Data Aggregation

The school-level data for nonpublic, nonsectarian schools (NPS) is removed from the aggregate data published on the ELPAC public web reporting site; this data will not be searchable and will not appear in the aggregate reporting. The county, LEA, and direct funded charter school totals continue to include students attending NPSs in their aggregate data. If the Special Education District of Accountability field is populated in the student's data record, then the student record is aggregated to the county, district, and school entity levels or direct funded charter school code provided.

# Fields of Note

The following fields are of particular importance:

| Field # | Section | Additional Explanation |
|---|---|---|
| **1** | Assessment Type | Each record in the file will have an *Assessment Type* in Field 1 that identifies the assessment taken. Only Initial and Initial Alternate ELPAC records are included in this file. |
| **2** | UIN (Unique Identification Number) | The UIN, which is unique for every record in the file, may be used to join the records together so that all student information can be matched. |
| **43–49, 52–58, 61–67, and 70–76** | Test Details—Testing Locations | 1. This field shows the LEA name where the test was submitted by the student, or if partially completed the LEA where the student last tested, regardless of whether the student moved.<br>2. If the student did not test, this field is populated with the LEA name of the last enrollment with valid registration at the end of the testing window. |
| **50, 59, 68, and 77** | Test Start Date | 1. The *Test Start Date* field shows the date on which the student started testing online with the computer-based assessments in the test delivery system (TDS).<br>2. A blank or null value is acceptable only for students who did not test, students who took the emergency paper test, or students who were assigned a domain exemption. |
| **51, 60, 69, and 78** | Testing Completed Date | 1. This field shows the testing completed date when the test was submitted by the student in the TDS.<br>2. In the case of an expired test, the test completion date is populated using the expiration date. An expired test opportunity was expired by the system using the test expiration rules employed for the specific program, manually expired after the testing window has closed, or automatically expired at the end of the state testing window. Testing opportunities acquired through the DEI cannot be manually expired.<br>3. A blank value is only acceptable for students who did not test, students who were assigned a domain exemption. |
| **98** | Condition Code | A special condition code indicates the presence of a particular circumstance during testing. Refer to the Condition Codes (Field 98) reference table for a list of codes included in this field. Only one condition code can be applied per record type. |

Fields of Note *(continuation)*

| Field # | Section | Additional Explanation |
|---|---|---|
| **99** | Attemptedness | This flag designates students as either partial-completion, or completion. Refer to the Attemptedness Codes (Field 99) reference table for definitions of the statuses. |
| **100** | Include Indicator | Include Indicators, when set, indicate how a test result will be treated for reporting the number of students tested, determining which students and scores are included in the aggregated data. Include Indicators also show whether or not a student has taken a required test. Refer to the Include Indicators for Reporting (Field 100) reference table for more information. |

# Tested LEA Reporting Rules

The following sections describe the tested local educational agency (LEA) reporting rules for student data files and aggregate reporting to the Test Results for California's Assessments website.

1. For the computer-based or emergency forms Data Entry Interface test (all grades), students will be reported under the last tested LEA received for the computer-based domains.

2. For the computer-based or emergency forms Data Entry Interface test (all grades), students who are assigned domain exemptions and tested in a non-exempted domain(s) will be reported under the last non-assigned domain tested LEA.

3. Students who have not tested are reported under the enrolled LEA at the end of the testing window.

4. A student record is present in only one tested LEA student data file per the rules mentioned previously if the student tested in multiple LEAs.

5. The aforementioned tested LEA will be used for aggregations for purposes of reporting to the Test Results for California's Assessments website at https://caaspp-elpac.cde.ca.gov/elpac/Default.

# LEA Reporting Rule Examples

## *Initial ELPAC*

| Test Mode | Grade | Listening | Speaking | Reading | Writing | Comments |
|---|---|---|---|---|---|---|
| Computer-based and Paper-pencil test | K–12 | Day 1 | Day 1 | Day 2 | Day 3 | The tested LEA and school for the Writing domain will be reported as the final tested LEA and school. |
| Computer-based and Paper-pencil test | K–12 | Not tested | Exempt | Not tested | Exempt | The student will be reported under the enrolled LEA. |
| Computer-based and Paper-pencil test | K–12 | Day 1 | Day 2 | Exempt | Not tested | The tested LEA and school for the Speaking domain will be reported as the final tested LEA and school. |
| Computer-based and Paper-pencil test | K–12 | Not tested | Not tested | Not tested | Not tested | The student will be reported under the last enrolled LEA. |
| Computer-based and Paper-pencil test | K–12 | Not tested | Exempt | Not tested | Not tested | The student will be reported under the last enrolled LEA. |

## *Initial Alternate ELPAC*

| Reporting LEA | Test Mode | Grades | Testing Start Date | Testing Completed or Expired | Final Test Completed Date | SSR Test Date |
|---|---|---|---|---|---|---|
| The tested LEA and school are determined from the date the test was completed or expired, and reported as the final tested LEA and school. | Computer-based | K–12 | Day 1 | Day 2 | Day 2 | Day 2 |
| Not tested students are reported under the last enrolled LEA. | Computer-based | K–12 | N/A | N/A | N/A | No SSR |

# Condition Code Rules

Condition codes are used by LEAs and the TOMS team to identify a special condition in a student's test record for reporting, such as setting Include Indicators. Condition codes are derived by TOMS. All condition codes are visible in the TOMS user interface. Condition codes also appear in the LEA's student data files.

**Both Initial ELPAC and Initial Alternate ELPAC**

1. The not tested (NT) condition code is assigned when a student who is eligible to test with the Initial ELPAC or Initial Alternate ELPAC did not test and the student's English Language Acquisition Status (ELAS) did not change from TBD to non-TBD.

2. Only one condition code can be applied per student.

**Initial ELPAC**

3. The exempt domain (EXD) condition code is derived based on one or two domain (one in each composite) exemption(s) assigned to the student's domain in TOMS.

    a. Exemption results in a no score with an "NS" value assigned by the scoring system. The EXD condition code is reported in the student data files.

# Condition Codes (Field 98)

| Tests | Code | Description | Derived From | Resulting Score | Comment |
|---|---|---|---|---|---|
| Initial ELPAC | EXD | Exempt domain | This code is used when one of the two domains within a composite is assigned an exemption. Two domains cannot be exempted in a single composite. | Exemption results in a no score with 'NS' value for the domain. | A calculated score is assigned to the composite using the non-exempt domain for that composite; the resulting composite score is used to derive the overall score. |
| Initial ELPAC | NT | Not tested | This code is used when valid eligibility is present but the student did not test and the student's ELAS status did not change from TBD to non-TBD by the end of the testing window. | The student is present in the student data file with no score; no Student Score Report (SSR) will be generated. | The NT condition code is applied to the Initial ELPAC testing eligible students as a closing event, at the end of the Initial ELPAC testing window and after all eligible student scores have been imported into TOMS. |
| Initial Alternate ELPAC | NT | Not tested | This code is used when valid eligibility is present, the student did not test, and the student's ELAS status did not change from TBD to non-TBD by the end of the testing window. | The student is present in the student data file with no score; no SSR will be generated | The NT condition code is applied to Initial Alternate ELPAC eligible students as a closing event, at the end of the statewide Initial Alternate ELPAC testing window and after all eligible student scores have been imported into TOMS. |

# Attemptedness and Participation Rules (Field 99)

| Tests | Attemptedness/ Completion Status | Description and Rules |
|-------|----------------------------------|-----------------------|
| Initial ELPAC | Y | **For the Initial ELPAC,** completion is assigned to a student who met the participation rule by having logged on to both domains, or if the student has domain exemption(s), logged on to all non-exempt domains. An SSR will be created for students who received an attemptedness value of "Y." The student record will be included in the student data file as tested with a numeric overall scale score. |
| Initial Alternate ELPAC | Y | **For the Initial Alternate ELPAC,** completion is assigned to a student who met the participation rules. The test examiner logged on for the student and a response was provided for at least one receptive and one expressive item. Each of the item responses can be either the selection of the "Mark as No Response" option in the TDS contextual menu or an item response. An SSR will be created for students who received an attemptedness value of "Y." The student record will be included in the student data file as tested with a numeric overall scale score. |
| Initial ELPAC | P | **For the Initial ELPAC,** partial-completion is assigned to a student who did not meet the participation rule. The student logged on to one domains but did not log on to both domains. The student will be reported as tested without a valid overall score (denoted as "NS" for No Score). No SSR will be created for students who received an attemptedness value of "P." The student record will be included in the student data file as tested with an "NS" overall scale score, and a "T" include indicator. Partially completed student records will be force completed at the end of the Initial ELPAC testing window. Force completed domains will be treated as not tested. |
| Initial Alternate ELPAC | P | **For the Initial Alternate ELPAC,** partial-completion is assigned to a student who did not meet the participation rule. The test examiner logged on for the student, but a response was not provided to at least one receptive and one expressive item with the selection of the "Mark as No Response" option in the TDS contextual menu or an item response. No SSR will be created for students who received an attemptedness value of "P." The student record will be included in the student data file as tested with an "NS" overall scale score, and a "T" include indicator. |

# Include Indicator Rules for Reporting

*Include Indicator* allowable values are "N", "T", and "Y." To determine the *Include Indicator* for Initial ELPAC and Initial Alternate ELPAC, follow the logic steps provided:

1. If the condition code is NT (not tested), then output a value of "N" and STOP; if this condition is not met, proceed to step 2.

2. If the attemptedness is "P," then output a value of "T" and STOP; if this condition is not met, proceed to step 3.

3. If the overall attemptedness value is "Y," then output a value of "Y" and STOP.

Include Indicators are used to determine which students and scores are included in the aggregated formulas. Include Indicators are set for each test.

# Include Indicators (Field 100)

| Code | Meaning |
|------|---------|
| N | The student did not test. |
| T | The student tested and did not meet the participation rule or received an attemptedness value of "P" from the scoring system. |
| Y | The student tested and received a valid score or received an attemptedness value of "Y" from the scoring system. |

# Student Move Reporting for Initial and Initial Alternate ELPAC

## Use Case Scenarios

This table provides information on scenarios when a student tests and has moved between LEAs or has had a grade change. The scenarios are grouped together based on high-level use cases. While the rules indicate that the Student Score Report gets delivered to the latest enrollment location based on the CALPADS enrollment feed, the LEA downloadable file will contain all students tested and not tested in the LEA regardless of the latest enrollment.

| Use Case Scenarios | Enrolled LEA Location | Tested LEA Location | CALPADS LEA Location | CALPADS Grade | TOMS Grade | LEA Student Data Files by Enrolled Location | LEA Student Data Files by Tested Location | State Aggregate File | State Student File | Student Score Report (SSR) in TOMS |

# Test Eligibility and Registration Rules

After TOMS receives student enrollment information from CALPADS, it creates test eligibility based on the predefined set of rules that take student grade, enrolled location, and demographic attributes into consideration. Student test eligibility determines if a student's record appears in the LEA Student Data (downloadable) files.

There is a test eligibility attribute called "validity." Eligibility is considered valid on the basis of the student's opportunity to test within the statewide testing window. All students with a Valid Indicator are included in the State and the LEA Student Data (downloadable) files, while Invalid Indicator student records are excluded, as they may have been exited from CALPADS prior to the start of the statewide testing window *or* enrolled in CALPADS after the end of the statewide testing window. Regarding the exited students, starting in 2022–23, the student effective exit date provided from CALPADS will be used and compared against the first and final testing window for which the student has eligibility, as well as whether a student has started testing, to determine whether a student can be exited.

Student CALPADS ELAS, primary language, and age < 22 years demographic fields determine student eligibility. Students with an ELAS of TBD, primary language designation—not English or Sign Language, and age < 22 years — before the start of the testing are eligible to test. Note that students determined to be eligible for Initial Alternate ELPAC will automatically be registered for the California Alternate Assessments as well, and vice versa.

1. Eligibility changes after the start of testing the first domain for the Initial ELPAC will not invalidate the registration. Student can continue testing only for the domain(s) that were started. All other domains are blocked in the TDS where the student is yet to start testing.

   a. For Initial ELPAC, all student records with CALPADS ELAS IS NOT TBD but logged on to both domains of the test or all non-exempt domains (met full attemptedness), registration will remain valid, and the student will be reported as tested in the reporting files.

   b. For Initial ELPAC, all student records with CALPADS ELAS IS NOT TBD but did not logon or logged on to less than both domains or all non-exempt domains of the test (partial or not met), registration will be invalidated, and the student will not be reported in the LEA and CDE student data files.

2. Eligibility changes after the start of the Initial Alternate ELPAC will not invalidate the registration until the end of year from TOMS. At the end of the Initial Alternate ELPAC testing window,

   a. Initial Alternate ELPAC student records with CALPADS ELAS IS NOT TBD, logged on, and met full attemptedness, the registration will remain valid, and the student will be reported as tested in the reporting files.

   b. Initial Alternate ELPAC student records with CALPADS ELAS IS NOT TBD, logged on, and did not meet full attemptedness, the registration will not remain valid, and the student will not be reported as tested in the reporting files.

3. For all student records with CALPADS ELAS of TBD and logged onto the Initial Alternate ELPAC, or in the case of the Initial ELPAC, logged on to both domains of the test or all non-exempt domains, registration will remain valid, and the student will be reported as tested in the reporting files.

4. For all student records with CALPADS ELAS of TBD but did not logon to the test, or in the case of the Initial ELPAC, did not logon to both domains or all non-exempt domains of the test, registration will remain valid, and the student will be reported as not tested (NT) in the reporting files.

5. For students who exited after the test window started or submitted an exit effective date to CALPADS that is on or after the first ELPAC test window for which they had eligibility opened, and have not yet begun the Initial Alternate ELPAC, or in the case of the Initial ELPAC, the first domain test, registration will be kept valid and the student will be reported as not tested. For students who exited after start of the first testing event, registration will follow the rules in bullets # 1 and # 2.

6. Not Tested students will be included in the reporting files only if they have a CALPADS ELAS status of TBD on the last day of the Initial ELPAC or Initial Alternate ELPAC testing window. A weekly email is sent from TOMS to all LEAs with a list of students who did not complete testing within 30 days of enrollment.

## Table 1—Depiction of student enrollment changes and eligibility impacts

| Description | Before Test Window Registration Validity | During Test Window Registration Validity | End of Test Window Registration Validity | After Test Window Registration Validity |
|---|---|---|---|---|
| Eligibility met, new Student Enrollment from CALPADS (ELAS = TBD) | Valid | Valid | Valid | N/A |
| Student lost eligibility, for Initial ELPAC and Initial Alternate ELPAC CALPADS ELAS changed from TBD to non-TBD (EO/RFEP), or primary language designation is English or Sign Language or age > 22 years student enrollment **before** start of testing or for Initial Alternate ELPAC the IDEA indicator or Primary Disability changed | N/A | Invalidate if prior registration is valid | Invalidate if prior registration is valid | N/A |
| Student lost eligibility, for Initial ELPAC and Initial Alternate ELPAC CALPADS ELAS changed from TBD to non-TBD (EO/RFEP), or primary language designation is English or Sign Language or age > 22 years student enrollment **after** start of first test event or for Initial Alternate ELPAC the IDEA indicator or Primary Disability changed | N/A | Registration remains valid | Registration remains valid | Invalidate or remove if prior registration is valid and participation rule not fully met |

Table 1—Depiction of student eligibility changes and enrollment impacts *(continuation)*

| Description | Before Test Window Registration Validity | During Test Window Registration Validity | End of Test Window Registration Validity | After Test Window Registration Validity |
|---|---|---|---|---|
| Student lost eligibility, for Initial ELPAC and Initial Alternate ELPAC CALPADS ELAS changed from TBD to non-TBD (EO/RFEP), student tested and met participation rule. Student reported as tested. | N/A | Registration remains valid | Registration remains valid | Registration remains valid |
| Student lost eligibility, for Initial ELPAC and Initial Alternate ELPAC CALPADS ELAS changed from TBD to non-TBD (EO/RFEP), student tested and did not meet participation rule. Student is not reported. | N/A | Invalidate if prior registration is valid | Invalidate if prior registration is valid | Invalidate if prior registration is valid |
| Student Exit from CALPADS file received by TOMS before start of testing and exit effective date is before the first ELPAC window for which the student has eligibility. | N/A | Invalidate if prior registration is valid | Invalidate if prior registration is valid | Invalidate if prior registration is valid |
| Student Exit from CALPADS file received by TOMS after the start of testing. | N/A | Registration remains valid | Registration remains valid | Registration remains valid |

**Valid** = Existing eligibility is kept valid.

**Prior—Invalid – Previously existing registration is invalidated.**

## Table 2—Student transfer scenarios that occur before, during, and after the statewide testing window

| Testing Window | Prior LEA—Create New Eligibility | Prior LEA—Valid Eligibility | Prior LEA—Allow Grade Change |

| New LEA, After | No | Prior—Invalid if the student did not test | No—If the student tested |

**Yes** = Eligibility can be created.

**No** = Eligibility cannot be created.

# Non-TBD CALPADS ELAS Status Tested Student(s) Reporting Rules

- Student's ELAS status changed from TBD to non-TBD before the start of the testing. Student's registration is changed to invalid, test block is placed in the TDS, and the student cannot test.

- Student's ELAS status changed from TBD to non-TBD after the start of the first tested domain for the Initial ELPAC. No test block is placed in the TDS. The student is allowed to continue testing only for the domain(s) that were started. All other domains are blocked in the TDS where the student is yet to start testing.

- Student's ELAS status changed from TBD to non-TBD after the start of the Initial Alternate ELPAC. No test block is placed in the TDS. The student is allowed to continue testing.

- If at the end of the testing window CALPADS ELAS = TBD, and tested, students will be reported if the [participation rules](#) are met.

- If at the end of the testing window CALPADS ELAS = non-TBD, student scores will be reported (SSRs, Student Data files, End of Year Reporting files) only if both domains are logged on for the Initial ELPAC. This may include domain exemption.

- If at the end of the testing window CALPADS ELAS = non-TBD, student scores will be reported (SSRs, Student Data files, End of Year Reporting files) only if the student responded to at least one expressive item and one responsive item by either using the "Mark as No Response" in the contextual menu option and/or item responses to meet test participation for the Initial Alternate ELPAC. The locked ELAS will be reported as TBD in the student data file.

- If at the end of testing window CALPADS ELAS = non-TBD, students will not be reported if both domains for the Initial ELPAC are not logged on or do not have domain exemptions assigned across the not logged into domains.

- If at the end of testing window CALPADS ELAS = non-TBD, students will not be reported if the students did not meet the Initial Alternate ELPAC participation rule.

- For students who will not be reported, Initial ELPAC or Initial Alternate ELPAC registration for the student will be removed to exclude the student from all reporting deliverables.

## Initial and Initial Alternate ELPAC SSR Rules
