Introduction and Notes

This document contains the file layout and data definitions for the 2025–26 Initial English Language Proficiency Assessments for California (ELPAC) and Initial Alternate ELPAC administered by your local educational agency (LEA). The data includes student demographic information, test scores, and test administration information. In addition to the file layout, the following reference tables that define the code sets and rules for selected fields are provided in the [Reference Tables](#) section:

- California Longitudinal Pupil Achievement Data System (CALPADS) Primary Language Codes
- Common Education Data Standards (CEDS) Language Codes
- Primary Disability Codes
- LEA Reporting Rules
- Condition Codes
- Attemptedness and Participation Rules
- Include Indicators
- Scale Score Ranges
- Student Move Reporting for the Initial ELPAC and Initial Alternate ELPAC
- Test Eligibility and Registration Rules
- Non–To Be Determined (TBD) CALPADS English Language Acquisition Status (ELAS) Tested Student(s) Reporting Rules
- Initial ELPAC and Initial Alternate ELPAC Student Score Report (SSR) Rules
- Calculated ELAS from the Test Operations Management System (TOMS) for the Initial ELPAC and Initial Alternate ELPAC

The notes in this section provide important information concerning key elements of the file layout.

What's New in 2025–26 for the Initial LEA Downloadable File

New and Updated Fields

The following new fields have been added:

- Field 203—Non-Embedded Accommodations 1 - Sensory Items (Online and Paper)
- Field 204—Non-Embedded Accommodations 2 - Sensory Items (Online and Paper)
- Field 205—Non-Embedded Accommodations 3 - Sensory Items (Online and Paper)
- Field 206—Non-Embedded Accommodations 4 - Sensory Items (Online and Paper)

The following fields have been updated:

- Field 20—Section 504 Status → CALPADS Section 504 Status
- Field 22—Primary Disability Type → CALPADS Primary Disability Type

- Field 23—Migrant Status → CALPADS Migrant Status
- Field 29—Primary Language for Testing:
 - OTO Otomian languages (Mixteco) → QAD: Mixteco
 - BAT: Other Baltic languages → HBS: Serbo-Croatian
 - SIT: Other Sino-Tibetan languages (Taishanese) → QAC: Toishanese (Taishanese)
 - SYR: Syriac (Assyrian) → Syriac
 - YUE: Cantonese → Yue Chinese (Cantonese)
 - MKH: Mon-Khmer languages (Cambodian) → Mon-Khmer languages
 - Kur: Kurdish (Kurdi, Kurmanji) → Kurdish
 - CMN: Mandarin (Putonghua, Guoyu) → Mandarin Chinese (Putonghua, Guoyu)
- Field 31—Military Status → CALPADS Military Status, field length updated to 3
- Field 32—Foster Status → CALPADS Foster Status, field length updated to 3
- Field 33—Homeless Status → CALPADS Homeless Status, field length updated to 3
- Field 34—Economic Disadvantage Status → CALPADS Economic Disadvantage Status, field length updated to 3
- Field 48—Student State Name → Student State Code
- Field 233—Embedded Designated Supports 1—Turn Off Any Universal Tool(s) (Online) (Listening)—acceptable values and field length updated
- Field 234—Embedded Designated Supports 2—Turn Off Any Universal Tool(s) (Online) (Speaking)—acceptable values and field length updated
- Field 235—Embedded Designated Supports 3—Turn Off Any Universal Tool(s) (Online) (Reading)—acceptable values and field length updated
- Field 236—Embedded Designated Supports 4—Turn Off Any Universal Tool(s) (Online) (Writing)—acceptable values and field length updated
- Change of type for Primary Disability Type—EMN from “emotional disturbance” to “emotional disability” in Primary Disability Codes

The following fields have been removed:

- Field 14—TK Indicator
- Field 158—Embedded Accommodations 1—Text-to-Speech (Online)
- Field 241—Non-Embedded Designated Supports 1—Color Contrast (Online)
- Field 242—Non-Embedded Designated Supports 2—Color Contrast (Online)
- Field 243—Non-Embedded Designated Supports 3—Color Contrast (Online)
- Field 244—Non-Embedded Designated Supports 4—Color Contrast (Online)

Acronyms and Initialisms Used in the Student Data File Layout

Term	Definition
ASL	American Sign Language
CALPADS	California Longitudinal Pupil Achievement Data System
CDE	California Department of Education
CEDS	Common Education Data Standards
DEI	Data Entry Interface
DF	direct funded charter school
EA	embedded accommodations
EDS	embedded designated supports
EL	English learner
ELAS	English language acquisition status
ELPAC	English Language Proficiency Assessments for California
EO	English only
EXD	Exempt Domain
IDEA	Individuals with Disabilities Education Act
IFEP	initial fluent English proficient
K–12	kindergarten through grade twelve
LEA	local educational agency
LF	locally funded charter school
NEA	non-embedded accommodations
NEDS	non-embedded designated supports
NPS	nonpublic, nonsectarian school
NS	No Score
NT	Not Tested
PL	performance level
PPT	paper–pencil test
RFEP	reclassified as English proficient
SSID	Statewide Student Identifier
SSR	Student Score Report
TBD	To Be Determined
TDS	Test Delivery System
TOMS	Test Operations Management System
UIN	unique identification number

Demographics

Student demographic data is derived from CALPADS and reflects student demographics as captured in the demographic snapshot. Demographic snapshots for students who tested occur at the time the student starts testing or for alternate assessment students when scoring is complete, and the score becomes available for reporting in TOMS. For students who did not test, the demographic snapshot is taken daily until the end of the Initial ELPAC and Initial Alternate ELPAC testing window for reporting in TOMS. Note that the source for each field is indicated in the file layout.

Data sources for the student data file are as follows:

- CALPADS—Extracted from CALPADS
- Derived—Created during generation of the student data file
- Scoring—Created as a result of scoring
- TOMS—Extracted from TOMS
- DEI—Extracted from the Data Entry Interface (DEI)

Score Data

Score data for the Initial ELPAC includes (1) the overall scale score and performance level, (2) oral language performance levels, and (3) written language performance levels. Score data for the Initial Alternate ELPAC includes the overall scale score and performance level.

Test Administration Data

Test administration data includes flags and condition codes describing specific elements of test administration. These include flags for attemptedness codes, Include Indicators, accommodations, and domain exemptions that occurred during the administration.

Treatment of Students in Nonpublic, Nonsectarian Schools for Data Aggregation

The school-level data for nonpublic, nonsectarian schools (NPSs) is removed from the aggregate data published on the [Test Results for California's Assessments website](#); this data will not be searchable and will not appear in the aggregate reporting. The county, LEA, and direct funded charter school totals continue to include students attending NPSs in their aggregate data. If the *Special Education District of Accountability* field is populated in the student's data record, then the student record is aggregated to the county, district, and school entity levels or direct funded charter school code provided.

Fields of Note

The following fields are of particular importance:

Field #	Section	Additional Explanation
1	Record Type	Each record in the file will have a Record Type in field 1 that identifies the assessment taken. Only Initial ELPAC and Initial Alternate ELPAC records are included in this file.
2	UIN (Unique Identification Number)	The UIN, which is unique for every record in the file, may be used to join the records together so that all student information can be matched.
52–58, 61–67, 70–76, and 79–85	Test Details— Testing Locations	<ol style="list-style-type: none"> 1. This field shows the LEA name where the assessment was submitted by the student, or if partially completed, the LEA where the student last tested, regardless of whether the student moved. 2. If the student did not test, this field is populated with the LEA name of the last enrollment with a valid registration at the end of the testing window.
59, 68, 77, and 86	Test Start Date	<ol style="list-style-type: none"> 1. The <i>Test Start Date</i> field shows the date on which the student started testing online with the computer-based assessments in the Test Delivery System (TDS). 2. A blank or null value is acceptable only for students who did not test, students who took the emergency paper–pencil test (PPT), or students who were assigned a domain exemption.
60, 69, 78, and 87	Testing Completed Date	<ol style="list-style-type: none"> 1. This field shows the testing completed date when the assessment was submitted by the student in the TDS. 2. In the case of an expired assessment, the test completion date is populated using the expiration date. An expired test opportunity was expired by the system using the test expiration rules employed for the specific program, manually expired after the testing window has closed, or automatically expired at the end of the state testing window. Testing opportunities acquired through the DEI cannot be manually expired. 3. A blank value is acceptable only for students who did not test or students who were assigned a domain exemption.
108	Condition Code	A special condition code indicates the presence of a particular circumstance during testing. Refer to the Condition Code Values (Field 108) reference table for a list of codes included in this field. Only one condition code can be applied per record type.

Field #	Section	Additional Explanation
109	Attemptedness	This flag designates students as either partial-completion or completion. Refer to the Attemptedness and Participation Rules (Field 109) reference table for definitions of the statuses.
110	Include Indicator	Include Indicators, when set, indicate how a test result will be treated for reporting the number of students tested, determining which students and scores are included in the aggregated data. Include Indicators also show whether a student has taken a required assessment. Refer to the Include Indicator Codes (Field 110) reference table for more information.

LEA Reporting Rules

Tested LEA

The following sections describe the tested LEA reporting rules for student data files and aggregate reporting to the [Test Results for California's Assessments website](#).

1. For the computer-based or paper–pencil emergency form DEI test (all grade levels and grade spans), students will be reported under the last tested LEA received for the computer-based domains.
2. For the computer-based or paper–pencil emergency form DEI test (all grade levels and grade spans), students who are assigned domain exemptions and tested in a nonexempted domain(s) will be reported under the last nonassigned domain tested LEA.
3. Students who have not tested are reported under the enrolled LEA at the end of the testing window.
4. A student record is present in only one tested LEA student data file per the rules mentioned previously if the student tested in multiple LEAs.
5. The aforementioned tested LEA will be used for aggregations for purposes of reporting to the [Test Results for California's Assessments website](#).

Examples

Initial ELPAC

Test Mode	Grade Levels	Listening	Speaking	Reading	Writing	Comments
Computer-based assessment and PPT	Kindergarten through grade twelve (K–12)	Day 1	Day 1	Day 2	Day 3	The tested LEA and school for the Writing domain will be reported as the final tested LEA and school.
Computer-based assessment and PPT	K–12	Not tested	Exempt	Not tested	Exempt	The student will be reported under the enrolled LEA.
Computer-based assessment and PPT	K–12	Day 1	Day 2	Exempt	Not tested	The tested LEA and school for the Speaking domain will be reported as the final tested LEA and school.
Computer-based assessment and PPT	K–12	Not tested	Not tested	Not tested	Not tested	The student will be reported under the last enrolled LEA.
Computer-based assessment and PPT	K–12	Not tested	Exempt	Not tested	Not tested	The student will be reported under the last enrolled LEA.

Initial Alternate ELPAC

Reporting LEA	Test Mode	Grade Levels	Testing Start Date	Testing Completed or Expired	Final Test Completed Date	SSR Test Date
The tested LEA and school are determined from the date the assessment was completed or expired, and reported as the final tested LEA and school.	Computer-based	K–12	Day 1	Day 2	Day 2	Day 2
Not-tested students are reported under the last enrolled LEA.	Computer-based	K–12	N/A	N/A	N/A	No SSR

Condition Codes

Condition codes are used by LEAs and the TOMS team to identify a special condition in a student’s test record for reporting, such as setting Include Indicators. Condition codes are derived by TOMS. All condition codes are visible in the TOMS user interface. Condition codes also appear in the LEA’s student data files.

Condition Code Rules

Initial ELPAC

1. The Exempt Domain (EXD) condition code is derived on the basis of one or two domain (one in each composite) exemption(s) assigned to the student’s domain in TOMS.
 - a. Exemption results in a No Score with an “NS” value assigned by the scoring system. The EXD condition code is reported in the student data files.

Both Initial ELPAC and Initial Alternate ELPAC

2. The NT condition code is assigned when a student who is eligible to test with the Initial ELPAC or Initial Alternate ELPAC did not test and the student’s ELAS did not change from TBD to non-TBD.
3. Only one condition code can be applied per student.

Condition Code Values (Field 108)

Assessment	Code	Description	Derived From	Resulting Score	Comment
Initial ELPAC	EXD	Exempt Domain	This code is used when one of the two domains within a composite is assigned an exemption. Two domains cannot be exempted in a single composite.	Exemption results in a No Score with “NS” value for the domain.	A calculated score is assigned to the composite using the nonexempt domain for that composite; the resulting composite score is used to derive the overall score.

Assessment	Code	Description	Derived From	Resulting Score	Comment
Initial ELPAC	NT	Not Tested	This code is used when valid eligibility is present, the student did not test, and the student's ELAS did not change from TBD to non-TBD by the end of the testing window.	The student is present in the student data file with no score; no SSR will be generated.	The NT condition code is applied to Initial ELPAC—eligible students as a closing event, at the end of the Initial ELPAC testing window and after all eligible student scores have been imported into TOMS.
Initial Alternate ELPAC	NT	Not Tested	This code is used when valid eligibility is present, the student did not test, and the student's ELAS did not change from TBD to non-TBD by the end of the testing window.	The student is present in the student data file with no score; no SSR will be generated.	The NT condition code is applied to Initial Alternate ELPAC—eligible students as a closing event, at the end of the statewide Initial Alternate ELPAC testing window and after all eligible student scores have been imported into TOMS.

Attemptedness and Participation Rules (Field 109)

Assessment	Attemptedness/ Completion Status	Description and Rules
Initial ELPAC	Y	For the Initial ELPAC , completion is assigned to a student who met the participation rule by having logged on to both domains within a composite or, if the student has domain exemption(s), logged on to all nonexempt domains. An SSR will be created for students who received an attemptedness value of “Y”. The student record will be included in the student data file as tested, with a numeric overall scale score.
Initial Alternate ELPAC	Y	For the Initial Alternate ELPAC , completion is assigned to a student who met the participation rules. The test examiner logged on for the student, and a response was provided for at least one receptive and one expressive item. Each of the item responses can be either the selection of the <i>Mark as No Response</i> option in the TDS contextual menu or an item response. An SSR will be created for students who received an attemptedness value of “Y”. The student record will be included in the student data file as tested, with a numeric overall scale score.
Initial ELPAC	P	For the Initial ELPAC , partial-completion is assigned to a student who did not meet the participation rule. The student logged on to one domain but did not log on to both domains in a composite. The student will be reported as tested without a valid overall score (denoted as “NS” for No Score). No SSR will be created for students who received an attemptedness value of “P”. The student record will be included in the student data file as tested, with an “NS” overall scale score and a “T” Include Indicator. Partially completed student records will be force-completed at the end of the Initial ELPAC testing window. Force-completed domains will be treated as not tested.
Initial Alternate ELPAC	P	For the Initial Alternate ELPAC , partial-completion is assigned to a student who did not meet the participation rule. The test examiner logged on for the student, but a response was not provided to at least one receptive and one expressive item with the selection of the <i>Mark as No Response</i> option in the TDS contextual menu or an item response. No SSR will be created for students who received an attemptedness value of “P”. The student record will be included in the student data file as tested, with an “NS” for overall scale score and a “T” for Include Indicator.

Include Indicators

Include Indicator Rules for Reporting

Include Indicator allowable values are “N”, “T”, and “Y”. To determine the Include Indicator for the Initial ELPAC and Initial Alternate ELPAC, follow the logic steps provided:

1. If the condition code is NT, then output a value of “N” and STOP; if this condition is not met, proceed to step 2.
2. If the attemptedness is “P”, then output a value of “T” and STOP; if this condition is not met, proceed to step 3.
3. If the overall attemptedness value is “Y”, then output a value of “Y” and STOP.

Include Indicators are used to determine which students and scores are included in the aggregated formulas. Include Indicators are set for each assessment.

Include Indicator Codes (Field 110)

Code	Meaning
N	The student did not test.
T	The student tested and did not meet the participation rule or received an attemptedness value of “P” from the scoring system.
Y	The student tested and received a valid score or received an attemptedness value of “Y” from the scoring system.

Scale Score Ranges

Initial ELPAC

Grade Levels	Score	Novice Minimum	Novice Maximum	Intermediate Minimum	Intermediate Maximum	Initial Fluent Minimum	Initial Fluent Maximum
K–12	Overall	150	369	370	449	450	600

Initial Alternate ELPAC

Grade Levels	Novice Minimum	Novice Maximum	Intermediate Minimum	Intermediate Maximum	Initial Fluent Minimum	Initial Fluent Maximum
K–12	101	143	144	159	160	199

Student Move Reporting for the Initial ELPAC and Initial Alternate ELPAC

Use Case Scenarios

This table provides information on scenarios when a student tests and has moved between LEAs or has had a grade change. The scenarios are grouped together on the basis of high-level use cases. While the rules indicate that the SSR gets delivered to the latest enrollment location on the basis of the CALPADS enrollment feed, the LEA downloadable file will contain all students tested and not tested in the LEA regardless of the latest enrollment.

Use Case Scenarios	Enrolled LEA Location	Tested LEA Location	CALPADS LEA Location	CALPADS Grade	TOMS Grade	LEA Student Data Files by Enrolled Location	LEA Student Data Files by Tested Location	State Aggregate File	State Student File	SSR in TOMS
Student enrolled throughout the year in LEA A, no grade change	LEA A	LEA A	LEA A	8	8	LEA A	LEA A	LEA A	LEA A	LEA A
Student enrolled in LEA A, moves to LEA B	LEA A	LEA A	LEA B	8	8	LEAs A and B	LEA A	LEA A	LEA A	LEA B
Student enrolled in LEA A, moves to LEA B	LEA A	LEA B	LEA B	8	8	LEA B	LEA B	LEA B	LEA B	LEA B
Student enrolled in LEA A, moves to LEA B	LEA A	Not tested	LEA B	8	8	LEA B	LEA B	LEA B	LEA B	No SSR
Student enrolled in LEA A, tests in only one domain, moves to LEA B	LEA A	LEA A	LEA B	8	8	LEA B	LEA A	LEA A	LEA A	No SSR

Use Case Scenarios	Enrolled LEA Location	Tested LEA Location	CALPADS LEA Location	CALPADS Grade	TOMS Grade	LEA Student Data Files by Enrolled Location	LEA Student Data Files by Tested Location	State Aggregate File	State Student File	SSR in TOMS
Student enrolled in LEA A and exits (moved and did not reenroll) before statewide testing window has closed, no grade change	LEA A	LEA A	N/A	8	8	LEA A	LEA A	LEA A	LEA A	LEA A
Student enrolled in LEA A and exits (moved and did not reenroll) before statewide testing window is closed, no grade change	LEA A	Not tested	N/A	8	8	LEA A	LEA A	LEA A	LEA A	No SSR
Student enrolled in LEA A, grade change occurs before the student tested	LEA A	LEA A	LEA A	9	9	LEA A	LEA A	LEA A	LEA A	LEA A grade nine SSR reported
Student enrolled in LEA A, grade change occurs after the student tested	LEA A	LEA A	LEA A	9	8	LEA A	LEA A	LEA A	LEA A	LEA A grade eight SSR reported
Student moved before the administration year rollover and did not reenroll	LEA A	LEA A	LEA A	8	8	LEA A	LEA A	LEA A	LEA A	LEA A current year

Use Case Scenarios	Enrolled LEA Location	Tested LEA Location	CALPADS LEA Location	CALPADS Grade	TOMS Grade	LEA Student Data Files by Enrolled Location	LEA Student Data Files by Tested Location	State Aggregate File	State Student File	SSR in TOMS
Student moved before the administration year rollover	LEA A	LEA B	LEA B	8	8	LEA B	LEA B	LEA B	LEA B	LEA A current year
Student moved after the administration year rollover	LEA A	LEA B	LEA A	8	8	LEA B	LEA B	LEA B	LEA B	LEA A, current and previous administration year; LEA B, previous administration year SSR only

Test Eligibility and Registration Rules

After TOMS receives student enrollment information from CALPADS, it creates test eligibility based on the predefined set of rules that take student grade level, enrolled location, and demographic attributes into consideration. Student test eligibility determines whether a student's record appears in the LEA student data (downloadable) files.

There is a test eligibility attribute called “validity.” Eligibility is considered valid on the basis of the student's opportunity to test within the statewide testing window. All students with a Valid Indicator are included in the state and the LEA student data (downloadable) files, while Invalid Indicator student records are excluded, as they may have been exited from CALPADS prior to the start of the statewide testing window *or* enrolled in CALPADS after the end of the statewide testing window. Regarding the exited students, starting in 2022–23, the student effective exit date provided from CALPADS will be used and compared against the first and final testing window for which the student has eligibility, as well as whether a student has started testing, to determine whether a student can be exited.

Student CALPADS ELAS, primary language, and age < 22 years demographic fields determine student eligibility. Students with an ELAS of TBD, primary language designation—not English or Sign Language, and age < 22 years—before the start of the testing are eligible to test. Note that students determined to be eligible for the Initial Alternate ELPAC will automatically be registered for the California Alternate Assessments as well, and vice versa.

1. Eligibility changes after the start of testing the first domain for the Initial ELPAC will not invalidate the registration. The student can continue testing only for the domain(s) started. All other domains are blocked in the TDS where the student is yet to start testing.
 - a. For all Initial ELPAC student records with **CALPADS ELAS is not TBD** but logged on to both domains in a composite or all nonexempt domains of the assessment (met full attemptedness), registration will remain valid, and the student will be reported as tested in the reporting files.
 - b. For all Initial ELPAC student records with **CALPADS ELAS is not TBD** but did not log on or logged on to fewer than both domains in a composite or all nonexempt domains of the assessment (partial or not met), registration will be invalidated, and the student will not be reported in the LEA and CDE student data files.

2. Eligibility changes after the start of the Initial Alternate ELPAC will not invalidate the registration until the end of year from TOMS. At the end of the Initial Alternate ELPAC testing window, there will be the following registrations for student records:
 - a. For Initial Alternate ELPAC student records with **CALPADS ELAS is not TBD**; logged on; and met full attemptedness, the registration will remain valid, and the student will be reported as tested in the reporting files.
 - b. For Initial Alternate ELPAC student records with **CALPADS ELAS is not TBD**; logged on; and did not meet full attemptedness, the registration will not remain valid, and the student will not be reported as tested in the reporting files.
3. For all student records with CALPADS ELAS of TBD and logged on to the Initial Alternate ELPAC, or in the case of the Initial ELPAC, logged on to both domains in a composite or all nonexempt domains of the assessment, registration will remain valid, and the student will be reported as tested in the reporting files.
4. For all student records with CALPADS ELAS of TBD but did not log on to the assessment, or in the case of the Initial ELPAC, did not log on to both domains in a composite or all nonexempt domains of the assessment, registration will remain valid, and the student will be reported as NT in the reporting files.
5. For students who exited after the testing window started or submitted an exit effective date to CALPADS that is on or after the first ELPAC testing window for which they had eligibility opened, and have not yet begun the Initial Alternate ELPAC, or in the case of the Initial ELPAC, the first domain assessment, registration will be kept valid and the student will be reported as NT. For students who exited after start of the first testing event, registration will follow the rules in #1 and #2.
6. NT students will be included in the reporting files only if they have a CALPADS ELAS of TBD on the last day of the Initial ELPAC or Initial Alternate ELPAC testing window. A weekly email is sent from TOMS to all LEAs that includes a list of students who did not complete testing within 30 days of enrollment.

Note the definitions of the values for the following table:

- **Valid** = Existing eligibility is kept valid.
- **Prior—Invalid** = Previously existing registration is invalidated.

Table 1—Depiction of student enrollment changes and eligibility impacts

Description	Before Test Window Registration Validity	During Test Window Registration Validity	End of Test Window Registration Validity	After Test Window Registration Validity
Eligibility was met, new student enrollment from CALPADS (ELAS = TBD).	Valid	Valid	Valid	N/A
The student lost eligibility, CALPADS ELAS changed from TBD to non-TBD (English only [EO] or reclassified as fluent English proficient [RFEP]) for the Initial ELPAC and Initial Alternate ELPAC, or primary language designation is English or Sign Language or age > 22 years student enrollment before start of testing, or, for the Initial Alternate ELPAC, the IDEA Indicator or primary disability changed.	N/A	Invalidate if prior registration is valid.	Invalidate if prior registration is valid.	N/A
The student lost eligibility, CALPADS ELAS changed from TBD to non-TBD (EO or RFEP) for the Initial ELPAC and Initial Alternate ELPAC, or primary language designation is English or Sign Language or age > 22 years student enrollment after start of first test event, or, for the Initial Alternate ELPAC, the IDEA Indicator or primary disability changed.	N/A	Registration remains valid.	Registration remains valid.	Invalidate or remove if prior registration is valid and participation rule not fully met.

Description	Before Test Window Registration Validity	During Test Window Registration Validity	End of Test Window Registration Validity	After Test Window Registration Validity
The student was eligible, tested, and met participation rule. The student lost eligibility or CALPADS ELAS changed from TBD to non-TBD (EO or RFEP) for the Initial ELPAC and Initial Alternate ELPAC. The student is reported as tested.	N/A	Registration remains valid.	Registration remains valid.	Registration remains valid.
The student was eligible, tested, and did not meet participation rule. The student lost eligibility or CALPADS ELAS changed from TBD to non-TBD (EO or RFEP) for the Initial ELPAC and Initial Alternate ELPAC. The student is not reported.	N/A	Invalidate if prior registration is valid.	Invalidate if prior registration is valid.	Invalidate if prior registration is valid.
Student in Exit File Date and Student Exit Date are both before the first ELPAC testing window for which the student has eligibility.	N/A	Invalidate if prior registration is valid.	Invalidate if prior registration is valid.	Invalidate if prior registration is valid.
Student in Exit File Date is after the start of the testing window.	N/A	Registration remains valid.	Registration remains valid.	Registration remains valid.

Note the definitions of the values for the following table:

- **Yes** = Eligibility can be created.
- **No** = Eligibility cannot be created.

Table 2—Student transfer scenarios that occur before, during, and after the statewide testing window

Testing Window	Prior LEA—Create New Eligibility	Prior LEA—Valid Eligibility	Prior LEA—Allow Grade Change
New LEA, Before	Yes	Prior—Invalid	Yes
New LEA, During	Yes	New—Valid	Allow grade change for all domains selected for domain exemption when <ul style="list-style-type: none"> • Yes—No Score Received • No—Score Received Allow grade change for computer-based test results when <ul style="list-style-type: none"> • Yes—No testing event received for the Initial ELPAC or Initial Alternate ELPAC for the student • No—Testing event received for the Initial ELPAC or Initial Alternate ELPAC for the student
New LEA, After	No	Prior—Invalid if the student did not test	No—If the student tested

Non-TBD CALPADS ELAS Tested Student(s) Reporting Rules

- The student's ELAS changed from TBD to non-TBD before the start of the testing. The student's registration is changed to invalid, test block is placed in the TDS, and the student cannot test.
- The student's ELAS changed from TBD to non-TBD after the start of the first tested domain for the Initial ELPAC. No test block is placed in the TDS. The student is allowed to continue testing only for the domain(s) started. All other domains are blocked in the TDS where the student is yet to start testing.
- The student's ELAS changed from TBD to non-TBD after the start of the Initial Alternate ELPAC. No test block is placed in the TDS. The student is allowed to continue testing.
- If at the end of the testing window CALPADS ELAS = TBD, and tested, students will be reported if the [participation rules](#) are met.
- If at the end of the testing window CALPADS ELAS = non-TBD, student scores will be reported (SSRs, student data files, end-of-year reporting files) only if at least one domain in each composite are logged on for the Initial ELPAC. This may include domain exemption.
- If at the end of the testing window CALPADS ELAS = non-TBD, student scores will be reported (SSRs, student data files, end-of-year reporting files) only if the student responded to at least one expressive item and one responsive item by either using the *Mark as No Response* in the contextual menu option or item responses to meet test participation for the Initial Alternate ELPAC. The locked ELAS will be reported as TBD in the student data file.
- If at the end of the testing window CALPADS ELAS = non-TBD, students will not be reported if there is not at least one domain in each composite are logged on for the Initial ELPAC. This excludes domains that have domain exemptions assigned.
- If at the end of the testing window CALPADS ELAS = non-TBD, students will not be reported if the students did not meet the Initial Alternate ELPAC participation rule.
- For a student who will not be reported, Initial ELPAC or Initial Alternate ELPAC registration for the student will be removed to exclude the student from all reporting deliverables.

Initial ELPAC and Initial Alternate ELPAC SSR Rules

This table provides information of when a student will receive an Initial ELPAC or Initial Alternate ELPAC SSR.

Assessment	Description	Current-Year SSR	Caution Text on the Current-Year SSR
Initial ELPAC and Initial Alternate ELPAC	Student did not meet participation rule (Attemptedness value of “P”)	No SSR will be created.	N/A
Initial ELPAC	Student met participation rule (Attemptedness value of “Y”)	<ul style="list-style-type: none"> SSR will be created. Historical scores are not reported for the Initial ELPAC. 	Domain Exemption
Initial ELPAC and Initial Alternate ELPAC	Student met participation rule (Attemptedness value of “Y”)	<ul style="list-style-type: none"> SSR will be created. Historical scores are not reported for the Initial ELPAC or Initial Alternate ELPAC. 	Unlisted resource that changes the construct
Initial ELPAC and Initial Alternate ELPAC	Student did not test	No SSR will be created.	N/A

Calculated ELAS from TOMS to CALPADS for the Initial ELPAC and Initial Alternate ELPAC

Attemptedness Field Value	Calculate ELAS	Send Calculated ELAS from TOMS to CALPADS	Description
P (Partially tested students)	No	No	<ol style="list-style-type: none"> 1. Students with an attemptedness value of “P” receive an overall performance level value of “NS”. 2. Calculated ELAS cannot be derived using “NS” overall performance level. 3. As a result, Calculated ELAS from Initial ELPAC or Initial Alternate ELPAC testing will not be sent from TOMS to CALPADS for students who received an attemptedness value of “P”. These students’ ELAS will remain in “TBD” status in CALPADS until the following test administration year. 4. The LEAs will need to reenroll and readminister the Initial Alternate ELPAC or all domains of the Initial ELPAC the following test administration year in the student’s new grade level.
Y (Participation met)	Yes	Yes	<ol style="list-style-type: none"> 1. Calculated ELAS will be derived by TOMS for students who received an attemptedness value of “Y” using the overall performance level value. 2. Students with an overall performance level of 1 (Novice EL) or 2 (Intermediate EL) are assigned an ELAS value of EL. 3. Students with an overall performance level of 3 (IFEP) are assigned an ELAS value of IFEP. 4. Calculated ELAS derived by TOMS will be sent to CALPADS, daily until the end of the Initial ELPAC and Initial Alternate ELPAC testing window or all Initial ELPAC and Initial Alternate ELPAC results for the test administration are posted.
