

How to View Overall Test Results

- 1 Navigate to the [Test Results for California's Assessments web page](#).
- 2 Select the tile for the desired assessment(s).
- i *The report defaults to a "Test Results at a Glance" view for the entire state.*
- 3 Search for an entity by entering a School, District, County, ZIP, or County-District-School (CDS) code in the **Search** bar.
- i *The report defaults to data for the most recent year it is available. If the organization closed in a previous year, the report defaults to the last year the organization was open.*
- i *Graphs display the percentage of students within each achievement/proficiency level for the selected assessment(s).*
- 4 Select the **View Detailed Test Results** button to access detailed results for each assessment.
- i *Select the **Understanding Results** link to access additional information about achievement levels, performance levels, and scale score ranges.*
