

Shape the Future of California Assessments

Calling all California educators! Here's your chance to make an impact on the development of state assessments. Share your experience and knowledge by joining remote meetings held periodically throughout the year to assist with test development during engaging, remotely facilitated sessions.

- **Make a Difference:** Your input on test content, accessibility, and composition will directly influence the quality of assessments in California.
- **Enhance Your Professional Growth:** Gain valuable experience and insights into the test development process.
- **Build Connections:** Network with a diverse group of educators and experts from across California.

Teacher compensation or substitute expense reimbursement is available.

Available Opportunities:

- **Item Review Meetings:** Participants will review potential test questions for issues related to content, bias, and sensitivity that may affect the performance of particular groups of students.
- **Data Review Meetings:** Participants will review performance data related to field test questions.
- **Range Finding:** Participants will score student responses using rubrics and determine sample responses for use in training.
